Brain Tumor Grades & Types - ABC2 Primary brain tumors are named according to the type of cells or the part of the brain in which they begin. For example, most primary brain tumors begin in glial cells. This type of tumor is called a glioma. Tumor Grade: Grading Systems & Treatment Options The factors used to determine tumor grade can vary between different types of cancer. Tumor grade is not the same as the stage of a cancer. Cancer stage refers to the size and/or extent (reach) of the original (primary) tumor and whether or not cancer cells have spread in the body. Adult Primary Liver Cancer Treatment (PDQ)â€”Patient ... External radiation therapy is used to treat adult primary liver cancer. New types of treatment are being tested in clinical trials. Information about clinical trials is available from the NCI website. Treatment for adult primary liver cancer may cause side effects.

Survival | Brain tumour (primary) | Cancer Research UK Primary Brain and Central Nervous System Tumors Diagnosed in the United States in 2004-2008 Central Brain Tumor Registry of the United States, 2012 These statistics are for relative survival.
